2. DigitalOcean - what is included

Component	Specification	Price
Droplet (server)	Basic · Regular · 1 vCPU · 1 GB RAM · 25 GB SSD · Bangalore (BLR1)	$6.00/month (₹528)
Data transfer	1,000 GB/month included (the app uses well under 5 GB)	Included
Weekly backups	Usage-based · weekly · 4 weeks kept · Sunday 6-10 am IST · $0.04 per GiB-month on ≈5 GiB used	$0.20 - $0.80/month
Database, HTTPS certificate, security updates, nightly database copy	Run on the same server (PostgreSQL, Caddy + Let's Encrypt, automatic updates, firewall)	Included
GST	18% added by DigitalOcean on Indian accounts	₹1,236/year

Backups: DigitalOcean charges only for the space the server actually uses (about 5 GiB: operating system, app and data). The app's own data for 10 users grows by less than 0.1 GiB a year, so this cost stays almost flat. The older fixed backup plan would cost $1.20/month.

3. Domain

Domain	Registrar	Year 1	Renewal (per year)
teamanaesthesia.co.in	GoDaddy	₹499	₹749

> Turn on **auto-renew** at GoDaddy so the domain never lapses. Until the domain is connected, the app runs at **https://159-65-158-101.sslip.io** at no extra cost.

4. What costs nothing extra

- The Team Anesthesia app itself (own code, no per-user licence fees).
- HTTPS certificate (Let's Encrypt, renewed automatically).
- Push notifications / reminders on phones (sent by the server, no SMS or WhatsApp charges).
- Nightly database backup kept on the server for 14 days.
- Adding more users - no per-user charges.

5. When costs could change

Situation	Action	New server price
More than ~25 regular users, or the app feels slow	Resize the Droplet to 2 GB RAM (one click, no reinstall)	$12/month (₹1,056)
Daily instead of weekly server backups	Change backup frequency in DigitalOcean (see its price estimate before saving)	Shown by DigitalOcean
Exchange rate moves	DigitalOcean bills in US$; every ₹1 change in the rate changes the yearly cost by about ₹92	-

6. Payment notes

- DigitalOcean bills **monthly**, in US$, to the card on the account. The bank may add a small foreign-transaction fee (typically 1-3.5%).
- Domain is paid **yearly** to GoDaddy.
- Assumptions: ₹88 per US$; GST 18% on DigitalOcean; domain prices as quoted by GoDaddy. Prices as of October 2026 - check the DigitalOcean billing page and GoDaddy renewal notice for exact amounts.
